Summary

I am an international graduate student majoring in game animation design at Rmit. I am eager to learn a lot of new knowledge and constantly strive to improve myself. I hope to find an internship in a related art field to accumulate work experience and interact with different groups to enhance my aesthetic accumulation.

Work Experience

Nachen Media

Game marketing and in-game GM administrator

March 2024- June 2024

Engage players in the game, report any bugs found, and carry out some game consumption marketing activities. Mainly helped the company increase the sales volume of some game items and maintain player engagement. Also conducted tests on the company's newly released games at the same time.

Yuan Yi Cultural Creativity

Assistant jewelry designer

November 2024- January 2025
Foshan

As an assistant to a jewelry designer, I have independently created some designs during the process of assisting and learning. Currently, I have completed four independent designs, which have received considerable attention and are in the process of going into mass production. Among them, the product Jelenia was sold over 300 units.

Education

Royal Melbourne Institute of Technology(Rmit University)

Animation, Games and Interactivity

July 2024- Present
Master

The University of Western Australia

Computer Science and Technology

February 2022- December 2023
Bachelor

Guangdong University of Finance

Computer Science and Technology

September 2019- June 2021
Bachelor

Projects

Cheating detection system

Document data detection, front-end

<https://github.com/Alzura99/CITS3200>

07/2023-11/2023

The cheating detection system of the University of Western Australia mainly detects the possibility of cheating by analyzing the data in the background of the documents

Reversal Fairyland

Card game

<https://scarlet-mushroom-wdbhzd.mystrikingly.com/>

03/2023-05/2024

I was responsible for all the art, mechanism and numerical design of the Alice in Wonderland derivative card game

Dream no more

3D meta game, Walking simulator

02/2025-Present

The 3D walking simulator psychological horror game of the Dream Core type currently under development mainly tells the story of the protagonist falling into numerous dreams after committing suicide

大风

Animation

<https://youtu.be/N7cRwmTFgmk>

02/2025-Present

The 2D animation, which combines deformation with some spiritual symbols and Chinese Nuo dance to express thoughts on the regret of life and death, is still in production. The subsequent work will be coloring and AE effect processing

Volunteering

Cat Forster in CatHaven, Western Australia

Cat boarding

2022-2023
Western Australia

Mainly receive stray cats or kittens that cannot get along with other cats. Provide them with a place to stay and socialize them, waiting for them to be adopted.

Guangdong University of Finance

The Kitten Rescue Team of the Stray Animal Rescue Society

2019-2023
GuangZhou

Mainly responsible for the socialization of feeding kittens that have lost their mothers, as well as the review of adoption and adopters, and the burial of stray animals that have died accidentally

Awards

Outstanding Award of the National College Students' Mathematical Modeling Contest in China

2019
